

Suggested alternative routes via Euston during disruption

We're sorry to say our LNER Trains services are currently disrupted or suspended with significant delays.

The last train times via an alternative route may be much earlier.

To Euston from London King's Cross:

Turn right onto Euston Road for 650m; Euston Station is on your right, after the fire station. You can also travel on the Northern Line to Euston Station. LNER tickets are valid to Euston Station only via this route.
